

## IN THE NAME OF GOD

## INTRUDUCE OF OMRANGAS PUYA COMPANY

## HISTORY:

This Company has been registered with the registration number 313964 with the name of OMRAN GAS PUYA Company in 2007 in the field of oil and gas industries

Facilities of this company include:

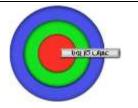

- An area of 5000 m<sup>2</sup>
- An office area 80 m<sup>2</sup>
- Workshops area of 400 m<sup>2</sup>

Each company manager has long records in various fields of the oil and gas industry.

Based on international standards and using the company's engineering ability experience and technical know-how, OMRAN Gas PUYA is the one and only national standards branded company in development and production of diversified products.

Providing after-sales services for customers is an important commitment for us.

As we are always on track to achieve our goals and

believe in our success, we are proud to announce that all products have one-year warranty.

Refer to the following international certifications:

-National Iranian Standard No. 8344 as: industrial valves used in liquid gas and ammonia without water

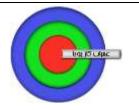

-National Iranian Standard No. 7910 as: Safety Relief Valve for liquid gas and ammonia without water

The standards above are in accordance with NFPA, UL, DIN, ANSI and national standards of Iran No. 841

This collection with expertise and experience of reputable domestic and foreign industries such as REGO, Fisher and Rochester has the ability to compete with products in all around the world based on customer's requirement. In this regard, planning and equipping plant to the latest technology is one of the most important industries in the Middle East in terms of quality of products produced.

In this regard, planning and equipping the plant to the day technology is one of the most important and most important industries in the quality of products produced in the Middle East.

Our company, with its experienced and skilled technical staff with the aim of high quality and special attention of

senior management of the organization, has been able to take great steps to promote the country's industry.

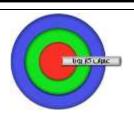

With a vision of a bright future, its success and its long experiences and the use of skilled manpower, the group has made every effort to promote the company's level of activity, while expanding its scope of activities, entering into new areas of service to our industrial community; we have put our plans into action.

## **ABILITIESES OF COMPANY**

- Construction and repair of oil and gas industrial valves include:

- Globe Valve
- Internal Valve
- Excess Flow Valve
- Check Valve
- Strainer
- Multi Valve
- Filler Valve
- By-Pass Valve

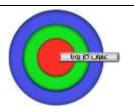

- Construction and repair of oil and gas industry reliability trenches according to standard 7910

- Construction, repair and service of tanks
- Design and implementation of oil, gas, ammonia, CNG projects
- Design and construction of LPG installation
- Supply of equipment for LPG piping
- Construction of firefighting system of LPG
- Construction of fire extinguishers for pressure vessels
- Construction of undercarriage parts for LPG vessels
- Construction of sluice for testing cylinder
- Construction of mechanical system and Conveyer
- Construction of leaky cylinder
- Construction of weighbridge
- Construction of Various components for pressure vessels
- Construction of fitting hoses for loading and unloading
- Conveyor chains and mechanical components
- Construction of blades of various types of pumps

- Manufacturing of various parts for the oil and gas industry

## Company's executive information:

- Construction of a liquid gas storage installation in SARAKHS Special Economic Zone for Arad Jam Company

- The use of a 9,900-ton tank of liquid gas transportation in the form of a trailer for the MAKRAN gas company

- Construction of the cylinder conveyor line system for various domestic companies.

- Construction of a 9 ton tank truck for shipping gas in Sudan.

- Construction of a 6 ton tank truck for shipping gas in EZZAT SHIMI.

- Repairs of industrial valves in the field of oil and gas

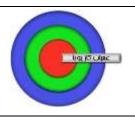

- Periodic Service of Pressure Vessels for Petrochemical Company.

- Repairs of Accident Pressure Vessel for SAHEL GAS.

- Repairs of Accident Pressure Vessel for ABANRAH TOUS.

- Repairs of Accident Pressure Vessel for BANIRAH TARABAR.

- Repairs of Accident Pressure Vessel for AZAR ZARIF.

- Periodically Service of Pressure Vessels for Petrochemical Company.

**Company's registration and legal information:** 

Company Name: OMRAN GAS PUYA

Registration number: 313964

Economical number: 411443665694

Date of Establishment: 1386

Date and place of registration: TEHRAN, Dec 2, 2007

ADDRESS: No.16, Zare3 St. GOLZAR Av, ZARE Av, KESHAVARZ St. CHAHARDANGE Industrial Zone, SAVEH Road, Tehran, IRAN

Post Code: 3319877617

SUREWIN QUALITY CERTIFICATION

#### **OMRAN GAS PUYA**

## **UL125**, **UL132**

## **Certificate of UL Compliance**

This is Certify That the products of the mentioned UL Standards by surewinguality are in accordance with requirments of:

Manufacturer Name: Omran Gas Puya Co.

Manufacturer Address: No.16, Zare3 St., Golzar Ave, Keshavarz St., Chahardange Industrial Zone, Saveh Road, Tehran Iran. Manufacturer Scope: Valves and Safety Relief Valve for Anhydrous Ammonia & LP-Gas

Certification is valid unless revoked, suspended or surrendered. All producers' UL 132 & UL 125 Standards operations are reviewed and inspected annually. Please contact Surewinguality if you have any questions concerning certification status. Surewinquality, upon Issuing this certification, states that us have received the certified producer's application materials, reviewed its records, inspected its fields and/or facilities and has determined that the products identified above are accordance with the UL 132 Standard for Safety Relief Valves of Anhydrous Ammonia & LP-Gas AND UL 125 Standard for Valves of Anhydrous Ammonia & LP-Gas 211

UL Mark Type:UL Recognized Component:

The file review was established to determine compliance of Flow Control Valves & Safety Relief Valves for Anhydrous Ammonia and LP-Gas with the Moist Ammonia Air Stress Cracking Test requirements

Once certified, a production or handling operation's UL Only one year is valid. Registertion Number:UL2018120501

Registertion Date: DEC, 05, 2018

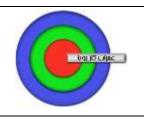

The authenticity of this certificate can be confirmed by email to the head office via www.surewinquality.in info@surewinquality.in
